GENERAL SCHOOL ANNOUNCEMENTS

We are now heading into the final half of the first term and it promises to be a busy one. Below are some highlights or previews of upcoming events:

Conferences – A reminder: Parent-Teacher Conferences for primary and secondary students will be held at the school from Thursday, March 3 to Thursday, March 10. The meetings are designed to address any concerns parents, teachers and students may have. **Meetings will be conducted on an as-needed basis on the above mentioned dates by appointment only.** Please note that teachers may not be available at all times on each day. You should make arrangements as early as possible to avoid disappointment. Please e-mail Lily Seleke at liseleke@westwood.ac.bw if you wish to make an appointment.

NOTE: These conferences are being held **in addition to** the Student-Led/Three-Way Conferences that are usually scheduled for later in the term.

Parent Information sessions

Please take note of the dates of the following parent information meetings:

The IGCSE meeting, specifically for parents of students in Year 10, will begin at **6:00 pm** on **Tuesday, March 8**. Venue: **Library**

The MYP information meeting will begin at **7:30 am** on **Tuesday, March 8**. Venue: **Library**

The PYP information session will be held on **Thursday, March 10 at 07:30 am**. Venue: **Library**

These meetings are designed to enable parents to get answers to questions they might have about any aspect of these programmes.

RYLA project

We are pleased to announce that students from the recently elected SRC have been given the opportunity to further develop their leadership skills by participating in the Rotary-run RYLA project. The Rotary Youth Leadership Awards (RYLA) is an intensive training programme for youth leaders. Young people chosen for their leadership potential attend a three day seminar to discuss leadership skills and to learn those skills through practice. Each year, thousands of young people take part in the programme worldwide. The impact spreads further as the programme influences other young people. The first group will be attending a camp in **Limpopo Province, South Africa**, from **March 31 to April 3**.

Rotary Youth Exchange Programme

Students from Years 8 – 12 attended a special assembly last Friday to learn more about the Rotary Youth Exchange Programme which the school is initiating this year. Students and host families who participate are given the opportunity to broaden their horizons by learning more about another culture and, in so doing, learning a great deal about themselves. More than 80 countries and over 8,000 students participate in the programme each year, which is administered at the regional level by Rotary districts and at the local level by Rotary clubs. We look forward to the Westwood Community getting involved in this initiative. For further details, please see **Ms. Bronwyn Wilson**.

ACER International School Assessment (ISA)

You may remember that most students in Years 3, 5, 7 and 9 took the International Schools Assessment tests last October. We have received the results of these tests and will be sending individual reports by email to the parents of each child by next week. A general summary of the school's results will also be made available on the school's website by next Friday. If you are unable to open your child's report and would prefer a printed copy, or if you have any questions, please contact amwilliams@westwood.ac.bw.

After School Care Programme

Please be reminded that primary students who finish their activity and who have to wait for either their siblings to finish/parents to pick them up, are expected to return to After School Care to wait for their rides. Parents and drivers must meet them there (Rooms 15 and 16) by 16:

From Setswana Department

Parents new to Westwood and Botswana who are interested in attending Setswana orientation (beginners Setswana) classes at school are invited to come on Tuesday and Wednesday evenings from 16:00 to 17:00. Please contact Glenda Mokokwe (Setswana Teacher) for further information.

RE BA BONA HA' – Wellness Club for Parents

Parents who drop their children off for the 'Re Ba Bona Ha' soccer activities on Saturday mornings are invited to take part in fitness activities whilst waiting for their children. These activities will involve guided exercises and walking. Come on parents, let's get fit!

MEET YOUR SRC

The 2011 Student Representative Council will comprise both primary and secondary students. The primary students will have an opportunity to be mentored by secondary students, as well as play a very special role in providing ideas and views from a primary perspective.

FROM THE PE OFFICE

Secondary Sports Day

The Secondary Fun Sports Day was held on Friday the 18th February. The day started out with some concern due to the state of the field and track after a heavy thunderstorm the previous night. However, we decided to continue with the day as planned and the weather proved to be lovely and cool. The students had the opportunity to participate in a variety of events which included the 80m sprint, long jump, high jump, shot put, discus, javelin, three legged race, sack race and an obstacle course. I would like to congratulate all the participating students for their positive attitude and for really giving their best performance.

The results from this day will be used to select the Interschool Athletic team which will be held on the 18th and 19th March. The field events will be on Friday at TLC and the track events will be on Saturday at the new Lobatse stadium. I would like to thank the Secondary teachers for officiating the day.

Primary Swimming

We have had a busy start to the Primary Swim team this term. Our first lollipop gala was on the 8th February and was hosted by Broadhurst School. The swimmers put on an excellent performance and it was an exciting way to start the term. The second lollipop gala was hosted by Westwood School and it was evident to see a great improvement in the swimmers performance.

The Swimming trials were originally scheduled for the 19th February but were then moved to Tuesday the 22nd February. Westwood entered 13 swimmers for this occasion. They were: Vanessa Musaemura, ModiriModise, Louise Betts, Liam O'Hara, Craig Musaemura, Andre De Jager, Imke Du Plooy, ThandieNyamoto, Daniel Huang, Kirsten Schroder, Willem Van Niekerk, PW Oosthuizen and Danielle De Beer.

Three of our swimmers qualified for the Southern Botswana Team. They were Liam O'Hara, Daniel Huang and Imke Du Plooy. We would like to wish them all the best for their gala against the North which will be held in Francistown on the weekend of the 18th March. Many thanks go to Mr and Mrs O' Hara, Ms Dokakis, Mrs Van Niekerk and Mrs Clarke for assisting with the officiating of this gala.

Other Sporting Stars

Congratulations go to Caitlin Truter for winning 8 gold medals at the BSSA short course national gala which was held in Francistown on the 12th & 13th February. She also won the VictrixLudorum for her age group.

Congratulations go to Abhishek Kumar for qualifying for the Southern Botswana Tennis Team. He will compete against the North on the weekend of the 18th March. We wish him all the best.

U16 Cricket

Westwood vs Al-Nur (25 overs) - Saturday 12th February 2011

This match proved to be very exciting with Westwood scoring 120 for nine. The two opening batsmen once again got the team off to an excellent start – Robin (20) and Sarmad (21). However, the middle did not capitalize on the good foundation. At the end of the innings, batsmen need to get bat on ball rather than just swing wildly. At one stage, Al Nur was 106 for 6 and their batsmen were cruising to victory. However, with great mental strength Westwood fought back with a brilliant catch from Matt (as usual) which changed the momentum. The pressure swung to Al Nur and Christiaan also hung on to a good catch. Al Nur couldn't get to Westwood's total and the team won a nail biting game by only one run. Graig bowled very well taking 3 wickets. Sarmad and Zak both bowled well taking 2 wickets each and Jan fielded well getting a run out and a catch.

U16 Cricket

Westwood vs Legae - 23 February 2011

Legae batted first and were all out for 72. Graig bowled well taking 2 for 25 including a caught and bowled. Sarmad bowled very economically taking 1 for 12 and Jan took 2 for 23. Josh held on to a good catch and Sarmad's catch on the boundary was well judged. Robin ran out a player with an excellent direct throw. Most of the Westwood's batsmen chipped in with solid batting performances from Robin, Graig, Josh and Christiaan. Jan played well with a top score of 22. Westwood won by 3 wickets. Jan again took the honours for man of the match.

SPECIAL FEATURE: “RE BA BONA HA”

The RE BA BONA HA programme is a grassroots development initiative by the Botswana National Sports Council targeting children of years 5-17 in different sporting disciplines. The phrase RE BA BONA HA means “WE SEE THEM HERE”, and refers to the future sporting stars.

The objective of this programme is to develop the young athletes’ soccer skills at a very young age. In the process talent is identified for development at a higher level.

This program has been going on since 2003 across the country, including in Gaborone. Westwood International School is now hosting the event **every Saturday from 8am to 10am**. The first session took place on Saturday 5 February and was attended by 17 players. The Botswana Football Association – which initiated the ‘Re Ba Bona Ha’ soccer programme – was in attendance and the BFA Technical Director came to launch the programme at the school.

WESTWOOD INTERNATIONAL SCHOOL AT THE BROADHURST PRIMARY SCHOOL INDEPENDENT HIGH

The Broadhurst Primary School Expo has been held annually since 2001. It started with about six schools, and has grown through the years. It attracts independent high schools from the southern African region. It is a whole-day event that provides a platform for participating schools to attract primary school leavers and also provides parents with an opportunity to make informed decisions about their children’s education.

Westwood International School was among the schools which participated this year. In total, 26 co-educational and single sex schools attended the expo.

IB DIPLOMA NEWS

Coffee Morning Wednesday 23rd February: Thank you for attending the coffee morning. The focus was CAS (creativity, action and service). The CAS Coordinator, Bronwyn Wilson has forwarded the Power point presentation to parents. If you haven't received it, do check with Lily if we have your updated e-mail addresses. Forward any questions around CAS to Bronwyn via e-mail: brwilson@westwood.ac.bw

TOK Presentations: Our IB 2 students have now completed the first part of their Theory of Knowledge (TOK) assessment; the presentation. On the 24th and 25th February interesting and entertaining TOK presentations were recorded. There was a wide range of topics selected by students. Students were expected to identify knowledge issues that were relevant to the real-life situation they selected and explore these through various lenses. TOK is central to the Diploma Programme as it aims to foster understanding and encourage the development of 'life-long learners who understand that other people, with their differences, can also be right' (IBO mission statement). Topics discussed ranged from: "*Xenophobia, an acceptable form of self-expression?*" to "*Rap: freedom of speech or misogyny?*"

Mentoring: IB 1 students have now selected peer and teacher mentors. Student mentors (these are our current IB 2 students) will help them settle into the demands of the programme and provide invaluable guidance and support during the course of this year.

CAS Advisors: Teacher mentors will act as CAS advisors in addition to providing general advice and support throughout their two-year programme. Students are encouraged to set up meetings with teacher mentors over the next two weeks.

IB 2 students are also reminded to meet with their CAS advisors to discuss their plans for CAS this year and have activities approved.

Coordinator Support: From time to time IB students meet on an individual basis with the coordinator. These meetings are arranged between student and coordinator, but formal meetings are also set up with every student. The first set of formal meetings this year was with IB 2 students. Together they have reflected on their first year, set short term and long term goals and identified challenges and needs.

As a result of these meetings, study groups for Math HL and Physics have been set up on Monday afternoons.

A follow-up meeting will be scheduled at the start of term 2, but students are always welcome to meet with the coordinator on an ad hoc basis.

Extended Essays: As of January 2011, our librarian, Mrs J Mnjama has been coordinating the extended essay component of the Diploma Programme. She has commenced lessons with IB 1 students, taking them through the research process, formulating a good question, academic honesty, referencing, etc. The IB 1 students will have an opportunity to practice these skills during a mini-assignment towards the end of this term.

IB 2 students should have submitted their final drafts of the extended essay, on the 11th February to their supervisors and should now be busy editing and revising. The completed essay is expected to be submitted to the supervisor for a final reading, by the 11th March 2011. Thereafter the student is required to attend a viva voce (interview) with his/her supervisor. The supervisor then comments on the essay as well as the whole process for the benefit of the external examiner. Essays will be sent off to IBO during term 2.

Trips: The programme for the IB 1 team building trip (14th to 18th March 2011) has now been finalized. Students will be involved in activities that are directly linked to the demands of the Diploma Programme. These will include, inter alia, a cultural exchange with Lesedi Village; Business and Management research at the Van Gaalen Cheese Farm; Visit to the ‘Cradle of Humankind’ – Maropeng and the Sterkfontein Caves as well as activities that will involve scientific and environmental study of the area; astronomy; skill development (eg. archery, mapping GPS coordinates, wall climbing, building a raft). The teachers accompanying the IB 1 students are the DP Coordinator (M. Mall); CAS Coordinator (B. Wilson); Homeroom teacher (E.Martinez-Guindo).

Work Place Attachment: 12-14 April.

IB1 and IB2 Students will be going out to spend three days in a workplace of their choice, to gain insight into the realities of the workplace. I would like to thank those parents who have returned the work placement permission slips. The students are now working on finalizing their placements with the help of the Student Support Services Team.

Upcoming Events:

IB1 and IB2 Career talk: Mr. Patrick T. Kirby, International Student Admissions, Westminster College, Fulton, Missouri in the school library at 12:15 on Monday 7th March

The school community has been invited to attend the following presentation:

Grenada, West Indies: INFORMATION SESSION/PRESENTATION on March 27, 2011 (16:00pm - 17:30) at the Gaborone Sun Hotel: ‘Presenting Our Programs in Medicine, Veterinary Medicine, Graduate Studies, Arts & Sciences’ (www.sgu.edu)

Applications to SA Universities:

Applying on time:

Applications should be submitted as early as possible in the applications cycle, which commences in **April** of each year.

Restriction on student numbers:

Owing to constraints on the facilities of the University, the intake of students in **all** the degree programmes is limited. It may even be the case that available places are full long before the closing date. Please note that meeting the minimum requirements of a degree programme, does not guarantee your admission.

Closing dates for applications:

Please be aware that admissions to certain selective courses, as listed below, have an earlier deadline varying from **31 May** (University of Stellenbosch) to **30 June** (UCT/UP). A sample of such courses is given below.

BA(Fine Arts) ,BA(Information Design) ,BA(Human Movement Science) ,BA(HMS) Option: Sport Psychology , BSportSc, BA(Drama) ,BA (Music),BMus,LLB(Law) ,BCom(Accounting Sciences),BCom(Financial Management) , BCom(Investment Management) ,BCom (Law) ,BCommunication Pathology(Audiology) BCommunication Pathology (Speech-Language Pathology) ,MBChB(Medicine) , BOccT (Occupational Therapy) , BRad(Radiography) , BPhysT (Physiotherapy), BCur(Nursing),BDietetics , BChD(Dentistry) BSc(Arch) (Architecture) ,BSc(Int)(Interior Architecture) ,BSc(Real Estate) BSc(LArch)(Landscape Architecture) BSc(QS)(Quantity Surveying) ,BSc(Construction Management) ,BT&RP(Town and Regional Planning) ,BVSc(Veterinary Science) ,DipVetNurs(University Diploma in Veterinary Nursing)

Other courses:

Applications for undergraduate academic programmes, other than those mentioned above, close on **30 September** 2011 for **South African** students, and on **31 August** 2011 for **international students**.

Applications to Oxford or Cambridge Universities (UK): 15 October deadline

UK applicants to Oxford and Cambridge also have an earlier deadline which is 15 October. All other UCAS applications deadlines are 15 January.

Open Days/ Campus Visits:

For those IB2 students who visit South Africa often, it is a good idea to take the opportunity to visit a university campus as this gives the student a holistic understanding of what is expected of them at university level and allows them to visit the different faculties and to see their course offerings. Published dates for University Open Days include:

University of Cape Town (UCT): 21 May & University of Pretoria (UP): 16 April

International Womens Day - 8th March, Botswanacraft, 6-9pm

This internationally recognised day is the story of ordinary women as makers of history: it is rooted in the centuries-old struggle of women to participate in society on an equal footing with men.

The focus of this year's event is to inspire young professionals from all sorts of work / industries be given insights into the lives of successful women that have overcome their own hurdles in life to get to where they are now. There will be a dozen performers on the night who will be there to perform between each speaker, it will be in the form of music, dance, poetry, opera and drama by some very well known artists.

It is for a good cause as all profits will be given to Emang Basadi & the Kagisano Womens Shelter.

Tickets are P100 each and this includes some finger food. They can be purchased via Botswana Craft, Maitisong, Fresh Cafe, Sanitas or by contacting Noel on 729 148 76.

LIBRARY NEWS

Below, is an update on recent events in the library.

Multilingual Collection:

The library is steadily building a multilingual collection, to enhance and build a sense of belonging to own culture, to promote respect for other people's cultures and to create an awareness of cultural diversity within the school. In addition, through this endeavor, as the students are geared towards lifelong reading, they will also discover the importance of mother-tongue reading.

With this in mind, I am appealing to parents to donate books (fiction and non-fiction) written in the local language to help us achieve this goal.

Membership:

Parents are encouraged to register as library members so they can borrow books and read. So often we get bogged down with the day to day running of the day's business and hardly get time to relax. One way of good relaxation is reading for enjoyment. Please stop by the library and get your self-something to read. We already have some parents who are making good use of the facility! Don't be left behind!

Upcoming events:

Book week will take place at the beginning of second term towards the end of May. Exact dates will be announced soon. Volunteers from the parent community are welcome to join the committee in planning for the event. Please stop by the library for more information.

Thank you and please visit us in the library any time.

INTERVIEW

I caught up with the recent recipient of the **James Honald/ Chris Garland Scholarship**, Thamiso Koosimile, who had this to say about herself and life at Westwood.....

a) **Which word best describes you?**

Exuberant

(b) **What's your best past time?**

I watch a lot of TV (Crime and Investigation and E!), but I also like listening to music and just hanging out with friends.

(c) **Do you have any role model/s, if so, who are they?**

I look up to Tyra Banks because she has managed to break down barriers in the media world and has paved a way for black models. Also, she has been able to use her celebrity status and success as a model as an avenue to build a successful enterprise.

(d) **Tell us briefly about your first day at Westwood?**

On my first day, the school seemed so much bigger and I remember there was a time I couldn't find the tuck shop. I also felt a little out of my element because I had previously come from the South African education system and everyone here was talking about the PYP and I had no idea what they were talking about, but I later adjusted to the change.

(e) **How has the school changed?**

The school has gone through a lot of changes, there are less students in secondary, the uniform has somewhat changed and there are more new faces around, but the basic atmosphere has remained the same.

(f) **What do you love most about the school?**

I love the free spirit of the students and having the freedom to express ourselves (within boundaries of course) and that it is a melting pot of different cultures. I also love that the grass is greener at WIS (literally).

(g) **Your future plans.....?**

I don't have any set in stone yet, but I am considering venturing into a career in Actuarial Science, Chemical Engineering or possibly Medicine. I would definitely love to travel to some exotic places and have fun.

(h) **Advice to others on attaining good grades?**

First of all, hard-work is a very important component. You also need dedication and consistency. I firmly believe that "All work and no play, makes Johnny a dull boy" so it is essential to have some free time where you can have fun with friends or just do nothing and relax, but you also need keep focused on the greater picture and what's really important. Apart from hard-work, I think the one of the most important things is to know yourself and be honest with yourself. You have to know your capabilities, strengths and weaknesses and find a method of study that suits you and helps you reach your full potential; don't tell yourself that you are only going to study for 2 hours a day because your best friend does that, whereas you know that you need more time, because at the end of the day it is your life alone.

A locally based professional photographer has developed an introduction to photography class that lays a foundation for anyone interested in photography. The class covers the basic areas of photography – the digital image, cameras and lenses, beginning to shoot, composition, exposure, light, digital dark room, practical help, and more.

The course also includes many illustrations, and various exercises to help the students understand the various aspects of photography, and how to use their camera fully.

Classes are offered as one-day course for anyone interested or as a 9-10 lesson course for schools with interested students. Either way by the end of the course each student will have the foundation they need to excel in photography.
