WIS Student Awarded A Top Achievers Scholarship

Thamiso Koosimile, who has attended Westwood International School since January 2007 (Year 8), passed her IGCSE examination in November 2010 obtaining 6A* and 2 A's. She also obtained a 100 percentile in two of her IGCSE subjects: Chemistry and English Literature. Little did we know that it was just the beginning!

In April 2011, the Ministry of Education approached all schools in Botswana to nominate Botswana students who are high achievers academically and who also display a balanced profile, being active in extracurricular activities and demonstrating potential for leadership, to be considered for a 'Top Achievers Scholarship'. The school nominated Thamiso and we are immensely proud to announce that she has been selected to receive this scholarship. The scholarship will support her further studies until she graduates from University.

Our congratulations to Thamiso! I also take this opportunity on behalf of Thamiso, and on my own behalf, to congratulate also all the teachers at WIS who have played a part in molding her success. Many congratulations also to Thamiso's family who have supported and encouraged her success.

As a community of teachers we will feel sad to be losing such a wonderful student, however we are proud to see Thamiso move out into the world to put Westwood's name on the map. Westwood is proud to be giving Thamiso back to the community beyond the school and we know that she will make Botswana proud.

We hope to celebrate many more student achievements as our senior students move on to colleges and university later in the year.
